First opportunity for Kiddush L'vana according to Minhag Yerushalayim is after 2nd day RH. 7-day custom: Motza"Sh Shuva

Before YK candles, the custom is to light memorial candles and one additional 24-hr candle "for the living"
This candle should be used to light the havdala candle after YK, rather than the usual "creation" of new fire for havdala (by striking a match). This is known as NER SHESHAVAT, a flame that rested throughout YK.

In this chart, Shabbat M'vorchim is shaded in light green and is followed by a box indicating when Rosh Chodesh is, when the molad occurs, the first opportunity for Kiddush L'vana according to Minhag Yerushalayim, which is after 3 full days following the molad [GRA] • first opportunity for the opinion that waits until 7 days after the molad (some hold that you can shorten the 7D rule a bit if it means KL on Motza"Sh) [7D] • and the last opportunity to say KL [last]. Note: In general, we do not say KL on Leil Shabbat or Yom Tov. However, when the last opportunity falls on Leil Shabbat or Leil Yom Tov, Kiddush L'vana may (and should) be said.

The Molad of Tishrei 5778 (which we do not announce) will be WED, September 20, '17, 23h 28m 16p. According to the "rules" for fixing Rosh HaShana, RH 5778 הבעל"ט will be THU-FRI Sep 21-22									

Times are from the program CHAZON SHAMAYIM. Molad and KL details were double-checked against Luach Eretz Yisrael. We tried for no errors, but "things happen".
If something looks off, cross-check it with other calendars. Or ask us or your Rav...
